# FIND THE RIGHT SOLUTION FOR YOU

## PUBS & RESTAURANTS

If you want to give your pub or restaurant the edge when it comes to table service, try the Casio Mobile Ordering solution. Spend more time with your customers and have the opportunity to upsell by taking their orders directly at their table. This Android tablet software has the same look and feel as that used on the Casio V-R series tills, resulting in minimal staff training and complete ease of use. A desirable solution for modern pubs and restaurants - fast, simple and highly functional.

"Our staff now offer a personal service that customers seem to relish"

**THE RUDGLEIGH STEAKHOUSE**

"I can see at a glance who the top servers are and reward them accordingly"

**STADIA**

## NIGHTCLUBS

If you want to give your nightclub the edge when it comes to VIP table service, try the Casio Mobile Ordering solution. Spend more time with your customers, go that extra mile and reduce queues by taking their orders directly at their table. This Android tablet software has the same look and feel as that used on the Casio V-R series tills, resulting in minimal staff training and complete ease of use. A desirable solution for modern nightclubs - fast, simple and highly functional.

## COFFEE SHOPS

If you want to give your coffee shop the edge when it comes to table service, try the Casio Mobile Ordering solution. Spend more time with your customers and take your customer service to that next level by taking their orders directly at their table. This Android tablet software has the same look and feel as that used on the Casio V-R series tills, resulting in minimal staff training and complete ease of use. A desirable solution for modern coffee shops - fast, simple and highly functional.

"Few solutions are as easy to use or as efficient at tracking."
